

Tarun Kajeepeta, COO, Mobiliti

Tarun Kajeepeta is Chief Operating Officer for Mobiliti, overseeing operations across all current markets and leading the launch of Mobiliti into many more.

Not a stranger to the scene, Tarun was formerly Founder and CEO of Condor Detroit, a fast-growing vehicle subscription service which was acquired by Mobiliti.

With a background in strategy consulting, Tarun has extensive experience advising executives from across the automotive and mobility ecosystem, including OEMs, Tier 1 suppliers, digital automotive retailers

and fleet operators as a Project Leader at The Boston Consulting Group.

Tarun's work and perspectives have been featured in a variety of publications and automotive industry conferences including Auto News, Forbes and Crain's.

Tarun earned a Bachelor's of Business Administration with High Distinction from the University of Michigan Ross School of Business.
